

HOT or COLD FOOD ISLANDS

Quality you can count on for the life of fixture

Stimulate Impulse Sales with a Mobile Salad/Olive Bar or Hot Food Island

Mobile Salad/Olive Island

Shown with optional flip-down tray slides, solid surface counter top and exterior laminate color.

Standard Features:

- Galvanized steel frame construction with removeable side panels
- Black, white, or almond high pressure laminate exterior and counter top
- Casters and cord set
- Stainless steel interior
- Canopy with lift-up tempered glass sneeze guard, solid top and LED lights.

Refrigerated Mobile Island

- NSF-7 refrigerated, coppered cold pan holds standard 4" deep, 12" x 20" pans.
- Self contained refrigeration supplied with a standard control
- Prewired to 120V/208A plug, 60 Hz, 1 phase circuit
- Rated at 300 BTU's per full inset pan
- Digital readout thermometer verifies temp is maintained between 38°- 40° F
- Condensate evaporation pan eliminates the need for plumbing hookup
- Optional flip-down tray slides provide flexibility to use as inline unit

Heated Mobile Island

- 4 Pan Hot Well
- Overhead Heat and LED Lighting
- Prewired to 120V/208A plug, 60 Hz, 1 phase circuit
- Heat Controls behind access doors

Options:

- Countertop available in stainless steel, solid surface, or quartz engineered stone
- Stainless or mirrored lamination accent strip
- Various colors of laminate and counter
- Custom inset pans available which sit flush on adjustable rails and eliminate flange between pans to give the look of continuous food.
- Remote refrigeration with a standard refrigeration control.
- 6" stainless steel legs with a black removable toe kick instead of casters

Mobile Hot Food Island

Shown with optional finish colors and counter top

Our "Decor Match" philosophy insures that exterior finishes are available to match surrounding store fixtures or fit easily into a new design motif.
