

## APPLICATIONS

- Self-service island hot food bar
- Medium temperature (140°-165°)
- Available with either wet or dry wells (wet achieves better performance)

## STANDARD FEATURES

### CABINET CONSTRUCTION

- Base - 3/4" plywood construction finished in high pressure plastic laminate
- Countertop to be high pressure laminate.
- Storage area has houses electrical and plumbing components.
- 2 rows of protective 1" vinyl bumpers.
- 6" high stainless steel adjustable legs (unit must be leveled plumb at time of installation).

### STANDARD FEATURES

- Base Cabinet and Counter top covered with high pressure black laminate
- Soup wells include insets, lids, & ladles
- Cup dispensers and accessorie Pans
- Drains connected through a manifold to a single drain valve.
- Infinite (dial) control with pilot light.

### CANOPY/SNEEZE GUARD

- Square stainless steel support tubing
- 14 gauge stainless steel top
- Tempered fixed glass sneeze guard
- LED lights

### HEATED FOOD MERCHANDISING

- NSF-4 soup wells warm uniformly keeping product at optimum temperature.
- Drains connected through a manifold to a single drain valve.
- Infinite (dial) control with pilot light.

### ELECTRICAL REQUIREMENTS

- Unit is pre-wired and furnished with a Junction box for use on a dedicated 120/208V, 60Hz, 1 phase circuit.

### WARRANTY

- One year - Parts and Labor

60" Half-Round Unit with optional finishes.

Engineered for stores with ambient conditions not to exceed 75°F and 55% relative humidity. Due to continuous improvements specifications may change without notice.

## OPTIONS / ACCESSORIES

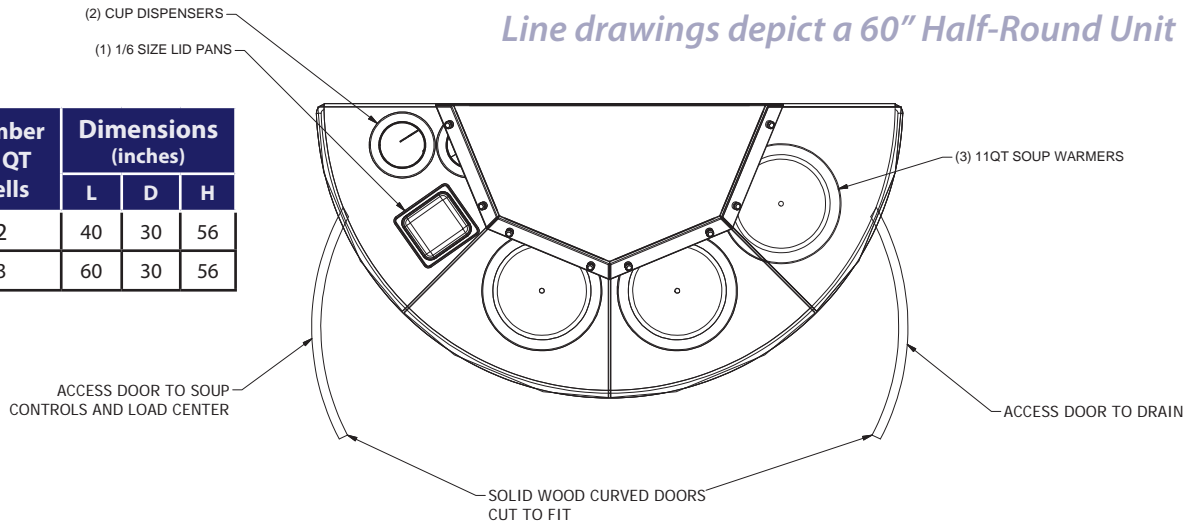

- Fixture is customizable and can accommodate limitless configurations
- Countertop available in many colors of laminate, solid surface or quartz engineered stone as well as stainless steel.
